District Court.

Judgement for \$120.58 was given Mrs. Weil against the Missouri Pacific railway.

The divorce case of Mrs. Zoa C. Townsend against her husband A. E. Townsend was dismissed last Friday.

The case of Mrs. Williams against the A. T. & S. F. railway for damages was virtually thrown out by the court sustaining a demur to the evidence offered by the plaintiff.

This case arose from the killing of Mrs. Williams' husband at the Santa depot last fall, while standing on the track a train backed down on him killing him almost instantly. The road offered to compromise this case with \$1,000 but her attorneys having as they thought a clear case of criminal carelessness advised her to not accept it.

Court adjourned Saturday until the 17th on which date the Winnie divorce case is to be called.

CATARACH DESCRIBED.

A Short History of a Bad Melady by an Eminent Medical Authority.

This is the way chronic catarrh usually begins. A person catches cold which hangs on longer than usual. Then follows a sensitiveness of the air passages, which inclines to catch cold very easily. At last the person has a cold all the while seemingly. More or less discharge from the nose, hawking from the throat, nostrils stopped up, full feelings in the head, cracking in the ears. The Pe-ru-na treatment for this disease is the only treatment that has withstood the test of time. Pe-ru-na should be taken without interruption until every symptom disappears.

Send to the Pe-ru-na Drug Manufacturing Company of Columbus Ohio, for a copy of their latest book on chronic catarrh. This book is a complete guide to the cure of all forms and stages of this dreadful disease.
